We will pay the expenses of this solicitation.

NOTICE AND ACCESS

The Company is using the notice and access process under NI 54-101 (“**Notice and Access**”) for the delivery of the Meeting Materials to shareholders. Accordingly, the Meeting Materials can be accessed by going to the Company’s website at www.melkior.com for a period of one year from the date of the Meeting, or by visiting the Company’s SEDAR+ profile at www.sedarplus.ca.

Shareholders who wish to receive paper copies of the Meeting Materials may request them should contact the Company’s Corporate Secretary by telephone 1 416 848 7727 or by email at info@melkior.com to receive paper copies in advance of the proxy deposit deadline, the Company must receive the request no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the Meeting.

In accordance with the requirements of NI 54-101, the Company has elected to send requested paper copies of the Meeting Materials directly to the NOBOs, and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding requested paper copies of the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. **The Company does not intend to pay for an Intermediary to deliver Meeting Materials to OBOs. Accordingly, OBOs will not receive paper copies of the Meeting Materials unless their Intermediary assumes the costs of delivery.**

APPOINTMENT OF PROXY HOLDER

The persons named as **proxy holders** in the enclosed form of proxy are the Company’s directors or officers. **As a shareholder, you have the right to appoint a person (who need not be a shareholder) in place of the persons named in the form of proxy to attend and act on your behalf at the Meeting. To exercise this right, you must either insert the name of your**

representative in the blank space provided in the form of proxy and strike out the other names or complete and deliver another appropriate form of proxy.

A proxy will not be valid unless it is dated and signed by you or your attorney duly authorized in writing or, if you are a corporation, by an authorized director, officer, or attorney of the corporation.

VOTING BY PROXY

The persons named in the accompanying form of proxy will vote or withhold from voting the shares represented by the proxy in accordance with your instructions, provided your instructions are clear. If you have specified a choice on any matter to be acted on at the Meeting, your shares will be voted or withheld from voting accordingly. If you do not specify a choice or where you specify both choices for any matter to be acted on, your shares will be voted in favour of all matters.

The enclosed form of proxy gives the persons named as proxy holders discretionary authority regarding amendments or variations to matters identified in the Notice of Meeting and any other matter that may properly come before the Meeting. As of the date of this Information Circular, our management is not aware of any such amendment, variation or other matter proposed or likely to come before the Meeting. However, if any amendment, variation or other matter properly comes before the Meeting, the persons named in the form of proxy intend to vote on such other business in accordance with their judgment.

You may indicate the manner in which the persons named in the enclosed proxy are to vote on any matter by marking an “X” in the appropriate space. If you wish to give the persons named in the proxy a discretionary authority on any matter described in the proxy, then you should leave the space blank. **In that case, the proxy holders nominated by management will vote the shares represented by your proxy in accordance with their judgment.**

RETURN OF PROXY

You must deliver the completed form of proxy to the office of the Company’s registrar and transfer agent, Marrelli Trust Company Limited, The Canadian Venture Building, 82 Richmond Street East, Toronto, ON M5C 1P1, fax (416) 360-7812, by fax, by mail or by hand or to the Company’s head office at the address listed on the cover page of this Information Circular, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the scheduled time of the Meeting or any adjournment.

ADVICE TO NON-REGISTERED SHAREHOLDERS

Only shareholders whose names appear on our records or validly appointed proxy holders are permitted to vote at the Meeting. Most of our shareholders are “non-registered” shareholders because their shares are registered in the name of a nominee, such as a brokerage firm, bank, trust company, trustee or administrator of a self-administered RRSP, RRIF, RESP or similar plan or a clearing agency such as CDS Clearing and Depository Services Inc. (a “**Nominee**”). If you purchased your shares through a broker, you are likely a non-registered shareholder.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to us are referred to as “NOBOs”. Those non-registered Holders

who have objected to their Nominee disclosing ownership information about themselves to us are referred to as “OBOs”.

In accordance with the securities regulatory policy, we will have distributed copies of the Meeting Materials, being the Notice of Meeting, this Information Circular, and the form of proxy directly to NOBOs and to the Nominees for onward distribution to OBOs.

Nominees are required to forward the Meeting materials to each OBO unless the OBO has waived the right to receive them. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered shareholder. Meeting Materials sent to non-registered holders who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a “VIF”). This form is instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered holder is able to instruct the registered shareholder (or Nominee) how to vote on behalf of the non-registered shareholder. VIF’s, whether provided by the Company or by a Nominee, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the Shares which they beneficially own. **Should a non-registered holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the non-registered holder may request (in writing) to the Company or its Nominee, as applicable, without expense to the non-registered holder, that the non-registered holder or his/her nominee be appointed as proxyholder and have the right to attend and vote at the Meeting.** Non-registered holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.

REVOCATION OF PROXY

If you are a registered shareholder who has returned a proxy, you may revoke your proxy at any time before it is exercised. In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by either:

- (a) signing a proxy bearing a later date; or
- (b) signing a written notice of revocation in the same manner as the form of proxy is required to be signed as set out in the notes to the proxy.

The later proxy or the notice of revocation must be delivered to the office of the Company’s registrar and transfer agent or to the Company’s head office at any time up to and including the last business day before the scheduled time of the Meeting or any adjournment, or to the Chair of the Meeting on the day of the Meeting or any adjournment.

If you are a non-registered shareholder who wishes to revoke a VIF or to revoke a waiver of your right to receive Meeting materials and to give voting instructions, you must give written instructions to your Nominee at least seven days before the Meeting.

Oversight and Description of Director and Named Executive Officer Compensation

Director compensation

As at the financial year ended August 31, 2024, the Company had three directors, one of whom is also an NEO. For the year ended August 31, 2024, the Company did not pay directors who are not officers of the Company for attending directors' meetings or for serving on committees. None of the Company's directors have received any cash compensation for services provided in their capacity as directors during the Company's most recently completed financial year. Directors are entitled to reimbursement of reasonable out-of-pocket expenses incurred in the course of their duties as a director.

The Company may, from time to time, grant to its directors equity compensation pursuant to the terms of the Omnibus Equity Incentive Plan and in accordance with the policies of the TSX Venture Exchange (the "TSXV").

Named Executive Officer Compensation

The Board is responsible for ensuring that the Company's compensation strategy is aligned with performance and shareholder interests.

The main objectives the Company hopes to achieve through its compensation policies are to attract and retain executives critical to the Company's success, who will be key in helping the Company achieve its corporate objectives and increase shareholder value. The Board has responsibility for determining compensation for the directors and Named Executive Officers. To determine compensation payable, the Board considers compensation paid for directors and CEO's of companies of similar size and stage of development in the mineral exploration and development industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. The Board also has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

Due to the small size of the Company and the current level of the Company's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Executive compensation is comprised of short-term fee compensation and long-term ownership through the grant of stock options or other equity compensation. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company presently has an Omnibus Equity Incentive Plan under which stock options and other forms of equity compensation may be granted. Equity compensation has been determined by the Company's directors and is only granted in compliance with applicable laws and regulatory policy. The Company's Omnibus Equity Incentive Plan was last approved by the Company's shareholders at its last annual general meeting held on March 28, 2024. The policies of the TSXV limit the granting of equity compensation to employees, officers, directors and consultants of the Company and provide limits on the length of term, number and exercise price of such options.

The following table sets out equity compensation plan information as at the end of the financial year ended August 31, 2024.

Plan Category	Number of securities to be issued upon exercise of outstanding options⁽¹⁾	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))⁽²⁾

Reliance on Exemptions in NI 52-110 regarding Audit Committee Composition & Reporting Obligations

Since the Company is a venture issuer, it relies on the exemption contained in section 6.1 of NI 52-110 from the requirements of Part 3 Composition of the Audit Committee (as described in 'Composition of the Audit Committee' above) and Part 5 Reporting Obligations of NI 52-110 (which requires certain prescribed disclosure about the Audit Committee in this Information Circular).

CORPORATE GOVERNANCE

National Instrument 58-101 *Disclosure of Corporate Governance Practices* of the Canadian securities administrators requires the Company to annually disclose certain information regarding its corporate governance practices. Under this heading, the Company is providing the disclosure required by Form 58-101F2.

Board of Directors

The Board has responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board sets long term goals and objectives for the Company and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is responsible for protecting shareholders' interests and ensuring that the incentives of the shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Company's business including financial risks, through periodic

reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Company is authorized to act without board approval, on all ordinary course matters relating to the Company's business.

The Board also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board is responsible for selecting the President and appointing senior management and for monitoring their performance.

Only one of the Company's directors is involved in the day-to-day management of the Company. The Board considers that Jonathon Deluce, the CEO of the Company, is not independent because he is a member of management. Mr. Keith James Deluce and Mr. Norman Farrell are considered independent.

Directorships

Certain of the directors are presently a director of one or more other reporting issuers (or equivalent) in a Canadian or foreign jurisdiction, as follows:

Name of Director	Other reporting issuer (or equivalent in a foreign jurisdiction)
Jonathon Deluce	Abitibi Metals Corp.
Keith James Deluce	Abitibi Metals Corp.

Orientation and Continuing Education

The Board takes the following steps to ensure that all new directors receive orientation regarding the role of the Board, its committees and its directors, and the nature and operation of the Company: reports and other documentation relating to the Company's business and affairs are provided to new directors and Board meetings are held to give the directors additional insight into the Company's business and operations.

The Board has not at this time taken any measures to provide continuing education for the directors; however, the directors of the Company are encouraged to attend, at the Company's expense, any seminar given by the TSXV or the Canadian Securities Administrators relating to the management of a public company or relating to their responsibilities as a director of a public company. Furthermore, the directors are given access to the Company's legal advisors for any questions they may have relating to such responsibilities.

Ethical Business Conduct

The Board relies on the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law to ensure the Board operates independently of management and in the best interests of the Company. The Board has found that these, combined

with the conflict of interest provisions of the *Business Corporations Act* (BC), as well as the relevant securities regulatory instruments, to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors

The Board and CEO of the Company seek qualified candidates to be considered for nomination as directors. Proposed nominations are subject to review and approval by the Board.

Any new appointees or nominees to the Board must have a favourable track record in general business management, special expertise in areas of strategic interest to the Company, the ability to devote the time required and a willingness to serve as a director.

Compensation

The Board is responsible for determining all forms of compensation, including long-term incentive in the form of stock options, to be granted to the CEO of the Company and the directors, and for reviewing the CEO's recommendations respecting compensation of the other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its officers, the Board considers: (i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and the Company's shareholders; (iv) rewarding performance, both on an individual basis and with respect to operations in general; and (v) permitted compensation under TSXV rules.

Other Board Committees

The Board has no other committees other than the Audit Committee.

Assessments

The Board has not established any formal procedures for assessing the performance of the Board or its committees and members. Generally, those responsibilities have been carried out on an informal basis by the Board itself. Furthermore, it is the view of the Board that, in light of its small size and the close and open relationship among its members, the formality of a committee would not be as effective as the current arrangement and is unnecessary.

APPOINTMENT OF AUDITOR

On November 18, 2024, Davidson & Company LLP, Chartered Professional Accountants, resigned as auditor of the Company and the Company appointed DNTW Toronto LLP, Chartered Professional Accountants, as the Company's auditor. Requisite documents pursuant to the auditor change were filed under the Company's profile on Canadian System for Electronic Document Analysis and Retrieval (SEDAR+) (www.sedarplus.ca) on November 19, 2024, 2024. MANAGEMENT CONTRACTS

The management functions of the Company are not to any substantial degree performed by any person other than the executive officers and directors of the Company.

PARTICULARS OF MATTERS TO BE ACTED ON

Approval of Omnibus Equity Incentive Plan

At the Meeting, shareholders will be asked to consider and, if thought advisable, pass an ordinary resolution (the "**Omnibus Plan Resolution**") approving the omnibus equity incentive plan of the Company (the "**Omnibus Equity Incentive Plan**" or "**Omnibus Plan**"). A full copy of the Omnibus Plan will be available at the Meeting for review by shareholders. Shareholders may also obtain copies of the Omnibus Plan from the Company prior to the Meeting on written request.

Background & Purpose

The Company last received shareholder approval for the Omnibus Equity Incentive Plan on March 28, 2024. The Omnibus Equity Incentive Plan provides flexibility to the Company to grant equity-based compensation awards in the form of options ("**Options**"), restricted share units ("**RSUs**"), preferred share units ("**PSUs**") and deferred share units ("**DSUs**"), as described in further detail below.

The objectives of the Omnibus Equity Incentive Plan are to, among other things, to promote a significant alignment between directors, officers, employees and consultants of the Company (collectively "**Participants**") and the long term growth objectives of the Company; to associate a portion of participants' compensation with the performance of the Company over the long term; and to attract, motivate and retain the key participants to drive the business success of the Company and its subsidiaries.

A summary of the key terms of the Omnibus Equity Incentive Plan is set out below, which is qualified in its entirety by the full text of the Omnibus Equity Incentive Plan.

Recommendation of the Board

The Board recommends that shareholders vote in favour of the approval of the Omnibus Plan Resolution. **Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote FOR the approval of the Omnibus Equity Incentive Plan.**

Reasons for the Recommendation

In support of its recommendation to shareholders to vote **FOR** the Omnibus Plan Resolution, the Board considered that the Omnibus Plan is an efficient and effective plan to provide the Company

with a share-related mechanism to (a) advance the interests of the Company by enhancing the ability of the Company and its subsidiaries to attract, motivate and retain employees, officers, directors, and consultants, (b) reward such persons for their sustained contributions and (c) encourage such persons to take into account the long-term corporate performance of the Company.

Summary of the Omnibus Plan

The Omnibus Plan allows the grant of stock options (“**Options**”), restricted share units (“**RSUs**”) and performance share units (“**PSUs**” and together with RSUs, “**Share Units**”) settled in common shares (or, at the election of the Company, their cash equivalent). In addition, under the Omnibus Plan, the Company is able to grant deferred share units (“**DSUs**”) to non-employee members of the Board and its designated affiliates.

Administration

The Omnibus Plan will be administered by the Board. The Board will determine which directors, officers, eligible employees or consultants of the Company or its affiliates are eligible to receive awards under the Omnibus Plan. In addition, the Board will interpret the Omnibus Plan and may adopt, amend or rescind any administrative rules, regulations, procedures and guidelines relating to the Omnibus Plan as it deems appropriate, provided however, that the Company shall be required to obtain shareholder or disinterested shareholder approval, as applicable, for any amendments to the Omnibus Plan other than amendments: (i) of a “housekeeping” nature to clarify the meaning of an existing provision or correct any grammatical or typographical errors in the Omnibus Plan, or (ii) necessary to comply with applicable law or the requirements of any stock exchange on which the securities of the Company are listed.

Except as otherwise required by law, the Board may, from time to time, delegate powers conferred on the Board under the Omnibus Plan to a committee, including the Compensation & Nominations Committee. In such event, such committee will exercise the powers delegated to it by the Board in the manner and on such terms authorized by the Board, and all decisions made, or actions taken, by the committee arising in connection with the administration of the Omnibus Plan within its authority are final, conclusive and binding.

Eligibility

All employees and directors of the Company or its designated affiliates are eligible to participate in the Omnibus Plan. In addition, subject to applicable laws, the Board may determine, in its discretion, which consultants are eligible to participate in the Omnibus Plan. However, PSUs may not be granted to non-employee directors of the Company or its designated affiliates and RSUs and PSUs may not be granted to consultants of the Company or its designated affiliates.

In addition, any Participants under the Omnibus Plan who are “Investor Relations Service Providers” (as defined in the policies of the TSXV) are not eligible to receive RSUs, PSUs (as defined herein) or DSUs (as defined herein).

Common Shares Subject to the Omnibus Plan and Limitation on Awards

The maximum number of common shares available for issuance pursuant to the Omnibus Plan and any other security-based compensation arrangement of the Company shall not exceed 10% of the issued and outstanding common shares from time to time.

The Omnibus Plan is also subject to the following limitations:

- (a) the aggregate number of common shares issuable to “Insiders” (as defined in the policies of the TSXV) of the Company under the Omnibus Plan or any other security-based compensation arrangement of the Company shall not exceed 10% of the issued and outstanding common shares and the aggregate number of common shares issuable to Insiders of the Company under the Omnibus Plan or any other security-based compensation arrangement of the Company, within a one-year period, shall not exceed 10% of the issued and outstanding common shares as at the date any award is granted to any Insider of the Company (unless the Company has obtained disinterested shareholder approval in respect thereof);
- (b) the aggregate number of common shares issuable to any one Participant under the Omnibus Plan or any other security-based compensation arrangement of the Company, within a one-year period, shall not at any time exceed 5% of the issued and outstanding common shares as at the date any award is granted to the Participant (unless the Company has obtained disinterested shareholder approval in respect thereof);
- (c) the aggregate number of common shares issuable to any one consultant under the Omnibus Plan or any other security-based compensation arrangement of the Company, within a one-year period, shall not at any time exceed 2% of the issued and outstanding common shares as at the date any award is granted to the consultant; and
- (d) the aggregate number of common shares issuable to all persons retained to provide investor relations activities under the Omnibus Plan or any other security-based compensation arrangement of the Company, within a one-year period, shall not at any time exceed 2% of the issued and outstanding common shares as at the date any award is granted to the persons retained to provide investor relations activities.

If for any reason common shares subject to issuance on the exercise of stock options granted under the Omnibus Plan are not issued, for reasons including the termination, expiration or cancellation, such common shares will become available for additional grants under the Omnibus Plan. If any RSUs, PSUs or DSUs granted under the Omnibus Plan expire, terminate or are cancelled for any reason without being settled in the form of common shares issued from treasury, such common shares will become available for additional grants under the Omnibus Plan.

No Share Units may vest before the date that is one year following the date it is granted or issued, although vesting may be accelerated for a participant who dies or ceases to be an eligible Participant in connection with a change of control, take over bid, RTO or similar transaction.

Stock Options

The Board may grant stock options to any Participant under the Omnibus Plan at any time. The exercise price for stock options will be determined by the Board, but may not be less than the Discounted Market Price (as defined below, and, in the event that the common shares are not listed and posted for trading on any stock exchange, the fair market value of the common shares as determined by the Board in its sole and absolute discretion (the “**Market Value**”) on the date the stock option is granted). For the purposes of the Omnibus Plan the “**Discounted Market Price**” means if the common shares are listed only on the TSXV, the Market Value, less the maximum discount permitted under the TSXV policy applicable to stock options. Stock options must be exercised within a period fixed by the Board that may not exceed 10 years from the date of grant, except in a case where the expiry period falls during a blackout period, in which case the expiry period will be automatically extended until 10 business days after the end of the blackout period.

Subject to the terms of the Omnibus Plan and any option agreement, stock options granted under the Omnibus Plan may also be purchased by a Participant by way of a “cashless exercise method”, whereby the Company may have an arrangement with a brokerage firm pursuant to which the brokerage firm will loan money to a Participant to purchase common shares underlying the stock options. The brokerage firm then sells a sufficient number of common shares to cover the exercise price of the stock options in order to repay the loan made to the Participant. The brokerage firm receives an equivalent number of common shares from the exercise of the stock options and the Participant then receives the balance of common shares or the cash proceeds from the balance of such common shares.

The Omnibus Plan also provides for earlier termination of stock options on the occurrence of certain events, including but not limited to, termination of a Participant’s employment.

Options granted to Investor Relations Service Providers must be vested in stages over a period of not less than 12 months with no more than ¼ of the stock options vesting in any three-month period.

Restricted Share Units

The Board may grant RSUs to any Participant (other than consultants) under the Omnibus Plan at any time. The terms and conditions of grants of Share Units, including the quantity, type of award, award date, vesting conditions, applicable vesting periods (the time period of which may be no earlier than one year following the award date, except as provided for in the Omnibus Plan) and other terms and conditions with respect to the award, as determined by the Board, will be set out in such Participant’s RSU agreement. One RSU is equivalent to one common share.

An RSU account will be maintained for each Participant and each notional grant of RSUs, as granted to such Participant from time to time, will be credited to such Participant’s account. RSUs that fail to vest with respect to a Participant, or that are paid out to the Participant are cancelled and will be removed from such Participant’s account.

Upon the vesting and settlement of RSUs, the Company is entitled to elect, at the Board’s sole discretion, to settle vested RSUs for their cash equivalent, common shares or a combination thereof. For purposes of determining the cash equivalent of RSUs on settlement, such calculation will be made on the settlement date based on the Market Value on the settlement date multiplied

by the number of vested RSUs in the Participant's notional RSU account. For the purposes of determining the number of common shares from treasury to be issued and delivered to a Participant upon settlement of RSUs, such calculation will be made on the settlement date based on the whole number of common shares equal to the whole number of vested RSUs then recorded in the Participant's notional RSU account. If an RSU would otherwise expire during a blackout period, the term of such RSU shall automatically be extended until 10 business days after the end of the blackout period, however, in all cases, RSUs shall expire and be settled by no later than December 31 of the third calendar year commencing after the date of award.

Performance Share Units

The Board may grant PSUs to any Participant (other than non-employee directors and consultants) under the Omnibus Plan at any time. The terms and conditions of grants of PSUs, including the quantity, type of award, award date, vesting conditions, applicable vesting periods (which may be no earlier than one year following the award date, except as provided for in the Omnibus Plan) and other terms and conditions with respect to the award, as determined by the Board, will be set out in such Participant's PSU agreement. PSUs are subject to the attainment of performance goals and may become vested PSUs based on a multiplier, which may be greater or less than 100%, subject to such percentage being no greater than 200%. A PSU account will be maintained for each Participant and each notional grant of PSUs, as granted to such Participant from time to time, will be credited to such Participant's account. PSUs that fail to vest with respect to a Participant, or that are paid out to the Participant are cancelled and will be removed from such Participant's account.

Upon the vesting and settlement of PSUs, the Company is entitled to elect, in the Board's sole discretion, to settle vested PSUs for their cash equivalent, common shares or a combination thereof. For purposes of determining the cash equivalent of PSUs on settlement, such calculation will be made on the settlement date based on the Market Value on the settlement date multiplied by the number of vested PSUs in the Participant's notional PSU account. For the purposes of determining the number of common shares from treasury to be issued and delivered to a Participant upon settlement of PSUs, such calculation will be made on the settlement date based on the whole number of common shares equal to the whole number of vested PSUs then recorded in the Participant's notional PSU account. If a PSU would otherwise expire during a blackout period, the term of such Share Unit shall automatically be extended until 10 business days after the end of the blackout period, however, in all cases, Share Units shall expire and be settled by no later than December 31 of the third calendar year commencing after the date of award.

If the performance goals in respect of the vesting of PSUs determined by the Board at the time of granting the award with respect to a fiscal year are not met during such fiscal year, the PSUs which were scheduled to vest at the end of such fiscal year shall expire. Performance goals may be based upon the achievement of corporate, divisional, cluster or individual goals, and may be applied to performance relative to an index or comparator group, or on any other basis determined by the Board which may be measured over a specified period and may have a multiplier effect based on the level of achievement.

DSUs

The Board may grant DSUs to any DSU Participant (being a non-employee director of the Company) under the Omnibus Plan at any time. In addition, subject to Board approval, a DSU Participant may

elect, once each fiscal year, to be paid up to 100% of his or her annual board retainer (including any committee fees, attendance fees and retainers to committee chairs) in the form of DSUs with the balance, if any, being paid in cash in accordance with the Company's regular practices. A DSU Participant is entitled to terminate his or her participation in the Omnibus Plan.

One DSU is equivalent to one common share. Fractional DSUs are permitted under the Omnibus Plan. The number of DSUs granted at any particular time pursuant to the Omnibus Plan will be calculated by: (a) in the case of an elected amount by a DSU Participant, dividing (i) the dollar amount of the elected amount by (ii) the Market Value of a common share on the applicable award date; or (b) in the case of a grant of DSUs, dividing (i) the dollar amount of such grant by (ii) the Market Value of a common share on the date of grant. The Company shall maintain a notional account for each DSU Participant.

All DSUs recorded in a Participant's notional account will vest on the DSU termination date, being the day that the DSU Participant ceases to be a director of the Company for any reason.

Upon the settlement of DSUs, the number of common shares covered by the DSUs will be issued from treasury by the Company as fully paid non-assessable common shares based on the whole number of common shares equal to the whole number of DSUs then recorded in the DSU Participant's notional account (fractions of common shares will be settled in cash). If a DSU Participant gives notice to the Company of its election to receive cash pertaining to a DSU, the Company, with the approval of the Board, may agree to pay an amount in cash equal to the aggregate Market Value of the common shares as at the DSU termination date to be issued in place of issuing to the DSU Participant common shares under the DSU.

Omnibus Equity Incentive Plan Resolution

At the Meeting, shareholders will be asked to pass an ordinary resolution approving the Omnibus Equity Incentive Plan in substantially the following form:

“IT IS RESOLVED THAT:

1. The Omnibus Equity Incentive Plan of the Company and the reservation for issuance thereunder of up to 10% of the aggregate number of common shares of the Company as are issued and outstanding from time to time, is confirmed, ratified and approved as the omnibus equity incentive plan of the Company and the Company has the ability to grant options and other awards under the Omnibus Equity Incentive Plan;
2. The options and other awards to be issued under the Omnibus Equity Incentive Plan, and all unallocated options and other awards under the Omnibus Equity Incentive Plan, are approved;
3. The Board is authorized to make such amendments to the Omnibus Equity Incentive Plan from time to time, in accordance with the terms of the Omnibus Equity Incentive Plan, as may be required by the applicable regulatory authorities, or as may be considered appropriate by the Board, in its sole discretion, provided always that such amendments be subject to the approval of the regulatory authorities, if applicable, and in certain cases, the approval of the shareholders; and
4. Any one officer of the Company is authorized and directed, for and on behalf of the Company, to finalize, sign or deliver all documents, to enter into any agreements and to do

and perform all acts and things as such individual, in his or her discretion, deems necessary or advisable in order to give effect to the intent of this resolution and the matters authorized hereby, including compliance with all securities laws and regulations and the rules and requirements of the stock exchanges on which the Company's shares may be listed, such determination to be conclusively evidenced by the finalizing, signing or delivery of such document or agreement or the performing of such act or thing."

In order to be effective, the foregoing ordinary resolutions must be approved by a simple majority of the votes cast by those shareholders of the Company who, being entitled to do so, vote in person or by proxy at the Meeting in respect of such resolution.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote FOR the approval of the Omnibus Equity Incentive Plan.

The Directors of the Company believe the passing of the foregoing ordinary resolution is in the best interests of the Company and recommend that shareholders of the Company vote in favor of the resolution.

Shareholder Approval for creation of new Control Person

At the Meeting, the disinterested shareholders of the Company will be asked to consider and, if deemed advisable, to pass, with or without variation, an ordinary resolution in the form set out below (the "**Control Person Resolution**"), subject to such amendments, variations or additions as may be approved at the Meeting, approving Keith James Deluce, a director of the Company, becoming a "Control Person" (as such term is defined in the TSXV policies).

As of the date hereof, Mr. K.J. Deluce presently owns or controls 1,548,767 Common Shares representing approximately 4.45% of the issued and outstanding shares of the Company, stock options convertible into 850,000 shares, and warrants convertible into 605,000 shares. Should Mr. K.J. Deluce wish to exercise all of his stock options and warrants, he would own or control 3,003,767 common shares, or 8.63% of the then issued and outstanding shares. Mr. K.J. Deluce may also participate in future financings of the Company.

The approval of the Control Person Resolution is being sought to provide the Company with flexibility in its future financing activities and to ensure compliance with TSX Venture Exchange policies. As the Company continues to advance its business objectives, it may require additional capital, and Mr. K.J. Deluce has indicated a willingness to participate in such financings. By obtaining this approval in advance, the Company can streamline its capital-raising efforts, avoid potential delays, and maintain financial agility while ensuring transparency and good corporate governance. The TSXV's policies require that disinterested shareholder approval be obtained where securities issued pursuant to a private placement result, or could result following conversion of convertible securities, in the creation of a new "Control Person". A Control Person is any person that holds or is one of a combination of persons that holds a sufficient number of any of the securities of the Company so as to affect materially the control of the Company, or that holds more than 20% of the outstanding voting shares of the Company, except where there is evidence showing that the holder of those securities does not materially affect the control of the Company.

Disinterested shareholders in connection with the Control Person Resolution are shareholders of the Company other than Mr. K.J. Deluce, and his Associates and Affiliates (as such terms are

defined in TSXV policies). As such, the votes attaching to an aggregate of 1,548,767 common shares, which are beneficially owned, or over which control or direction is exercised by Mr. K.J. Deluce, representing approximately 4.45% of the Company's issued common share entitled to vote at the Meeting, will be withheld from voting on the Control Person Resolution; there are 0 common shares held by Associates and Affiliates of Mr. K.J. Deluce, leaving a total of 1,548,767 common shares excluded from voting.

The Board believes that the issuance or sale of additional securities to Mr. K.J. Deluce (including by way of the conversion by Mr. K.J. Deluce of outstanding convertible securities) to create a "Control Person", will be in the best interests of the Company and the shareholders at the time of such issuance or sale, and recommends to shareholder that they vote in favour of approval of the Control Person Resolution.

To be effective, the Control Person Resolution must be approved by not less than a majority of the votes cast by disinterested shareholders present in person, or represented by proxy, at the Meeting.

Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the common shares represented by such form of proxy, properly executed, FOR the Control Person Resolution. The text of the Control Person Resolution to be submitted to disinterested shareholders at the Meeting is set forth below:

"IT IS RESOLVED THAT (as an ordinary resolution and excluding the votes of Keith James Deluce)"

1. the creation of Keith James Deluce as a new "Control Person" of the Company (as such term is defined in the TSX Venture Exchange policies) as a result of the issuance of securities by the Company to Keith James Deluce or entities owned and/or controlled by him, as more particularly described in the management information circular of the Company dated February 10, 2025, is authorized and approved and, for greater certainty, Keith James Deluce and entities owned and/or controlled by him shall hereafter be entitled to exercise stock options and warrants held by him and to purchase further securities of the Company, notwithstanding that such exercise or purchase would, or could possibly, increase their ownership of common shares to 20% or more of the then issued and outstanding common shares; and
2. any one or more directors or officers of the Company are authorized and directed, on behalf of the Company, to take all necessary steps and proceedings and to execute, deliver and file any and all agreements, documents, and other instruments with the TSX Venture Exchange or otherwise, and do all such other acts and things that may be necessary or desirable to give effect to the foregoing resolutions."

If disinterested shareholder approval of the Control Person Resolution is not obtained at the Meeting, the Company will be precluded from issuing additional common shares to Keith James Deluce or entities owned and/or controlled by him at any time when such issuance would cause Keith James Deluce to become a Control Person.

It is the intention of the persons names in the accompanying Proxy, if not expressly directed to the contrary in such Proxy, to vote such proxies FOR the ordinary resolution authorizing the approval of the Control Person Resolution.
